

The Gift...

The best part of recruiting isn't contests, convention credits - even Level Advancement. It's about the gift of a new life, new choices, new 'potentials' you can give to a woman by signing her up. And every woman loves a gift - old, young, rich, poor, Doctor, ditch digger - it doesn't matter. We can all make of it what we will. As recruiters we shouldn't judge who takes the gift - just give it equally with love and with respect.

What is in this gift?

It varies for each woman who opens and accepts it...

For some it is a whole new career. For others, it is a chance to get out of the house from time to time. Yet others will love the female camaraderie, the intrinsic sense of self-worth, and the companionship we have all come to appreciate. Every woman will embrace the extra money.

How do you use this gift? It comes from your heart. Every time you meet someone on the street, at a party, or within your family and social groups know that you have, in your heart and in your voice, the gift of Pure Romance. Offer it freely, without reservations and without judgment. You never know who will take and open this gift. You never know whose life it will change.
